Mobile, On-Site Service: 403-585-9614 or [www.scrubzero.com](http://www.scrubzero.com)

**Before**

**After**

*Don't tear out studs/joists/sheathing because of mold, we can fix it!*

## **Structural Mold Remediation**

When mold embeds itself into structural surfaces, such as wood and concrete, it needs to be removed. The choices are to remove the entire structure and replace it (costly & time consuming), or sand and scrape it out (ineffective and time consuming). Dry ice blast cleaning is safe, tidy and 100% effective. Call us today.
